

541-8008 Office Section

Roof Instructions

Figure 4

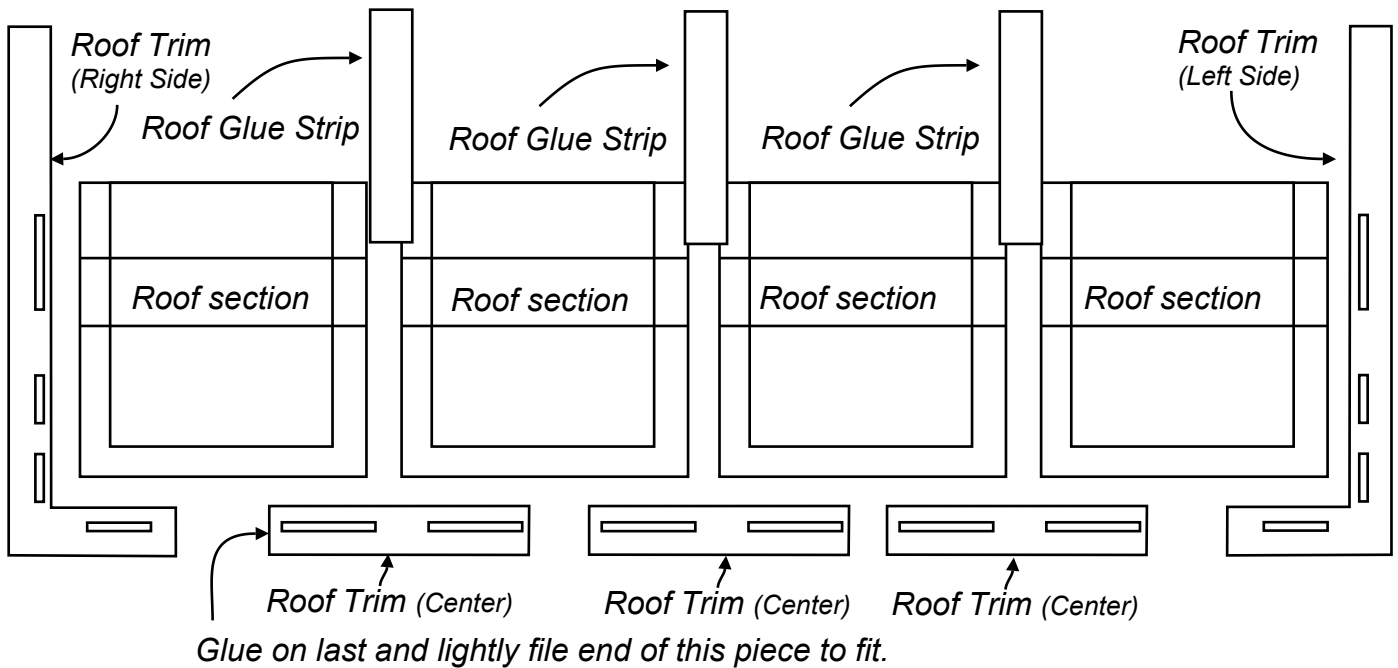

Step 1

Roof Section
(White part, bottom side shown)
Use 4 roof sections at full Size.
No cuts are needed for the
Office section.

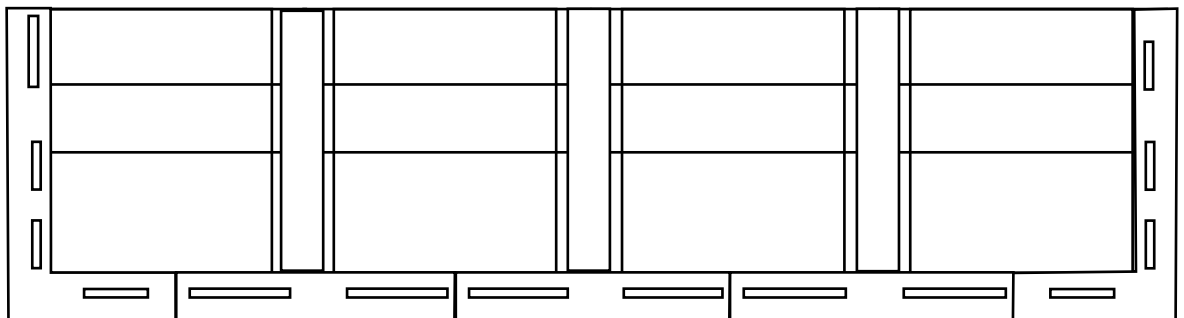

Step 2

Cut the parts shown below off of the spure.
Note: Install the Roof Trim (Center) on last.
Some filing with an emory board will be needed.

Step 3

Now cut off
the extra lengths
so that your part
looks like this.
Note: Leave a little
long then file down
smooth.

This completes the office section roof.
